# Saya

**Saya is a mark, a gesture, a graphic sign, rendered in wood to finish a space like a signature. Fluid in line, warm in material, its silhouette is bold, striking. The sum is more than the parts: Saya inspires inclusion in diverse environments from home to contract. Saya is available as a chair and a stool in two heights (65 and 75 cm - 19 1/2" and 20 3/4"). Upholstered shells – either fully upholstered or with the upholstery only on the cushion applied to seat - are available for all Saya chairs and stools. The stool comes with chromed steel sled base whereas the chair has a sled or 4 leg base, in wood or chromed steel. Saya Mini is a smaller version intended for children.**
