

452F TOGETHER FIXED TABLE

By Studioilse

Studioilse sees design as a way of amplifying our experience of daily life. The Together Table was designed as an extension of the Seating for Eating collective. The rounded ends of the table allow for more flexible seating options, encouraging two people to squeeze in at either end for an informal and friendly feeling.

The narrow version physically brings the diners closer, making conversation easier. Together is also available in a wider version for those who require more space.
