

Tavolo '95

Achille Castiglioni

1995

Series of tables

Materials:

BASE: legs in aniline-dyed solid ash wood, charcoal coloured, finished with transparent water-based or solvent-based paint. Steel frame and brackets made of gravity cast aluminum, matt black powder coated. Adjustable thermoplastic feet.

WOODEN TOP: wood particle board panel, veneered in smoked oak with solid smoked oak edge, finished with transparent water-based or solvent-based paint.

TOP AND LAZY SUSAN ROTATING TRAY IN MARBLE: Calacatta Oro marble or Valentin Grey or Grey Stone or Gris du Marais | Lithoverde® or Pietra d'Avola | Lithoverde®, edge finished by helical moulding, treated with water repellent products. Lower reinforcement made of fiberglass mesh, embedded in epoxy resins.

ROTATING MECHANISM: Rotating mechanism and mechanism support in aluminium .
