

NEU 10

DESIGN BY HAY

Neu's ergonomically moulded shell combined with its cast swivel base results in a perfectly defined profile. The durable, finely-grained plastic adds textural interest, while the rim detail gives the design structure and character. In the upholstered version, a delicate stitching line runs across the seat and the piping detail accentuates the chair's raised rim. Its functional and comfortable construction and flexible design options makes it the perfect choice for offices or dining rooms.

PRODUCT DETAILS

- / Robust and comfortable chair in a variety of shell colours and base finishes.
- / Variety of shell colours and base finishes.
- / Available with plastic shell and swivel base (Neu 10) and full upholstery in a large selection of fabrics and leathers.
