

technical specification

E27 Globe-cover Ø95 +48W ES G9
Item no. RX27G952B
95,0 x 95,0 x 14,0 cm
Max. 70W - E27 - 240V
Incl. G9 48W ES

Info

This bulb-cover is developed to be used with a G9 compact lightsource, with the maximum wattage of 70W. This means you can insert a G9 lightsource with preferred wattage with the maximum of 70W. You carefully unscrew the cover and put in the G9 lightsource. Then screw on the cover and the bulb is ready to be used. When the bulb needs replacement, you just insert a new G9 lightsource. This reduces the waste and protects the environment!
