DESCRIPTION

Designed by the design duo GamFratesi, the Gent Dining Chair is characterised by the contradiction between Scandinavian elegance and Italian dynamic lines. Strongly connected to the Masculo Chair, the new Gent Dining Chair is characterised by a distinctive backrest, expressing an almost aggressive masculinity, whilst at the same time being gentle and embracing.

The Gent Dining Chair possesses a playful balance between formality and whimsy, offering a modern twist on the classic dining chair that evokes the image of the 1950's

VERSION - FULL-UPHOLSTERED

RAL codes are indicative.

- Upholstered in fabric/leather/ Oak // - / gloss 20
- Upholstered in fabric/leather/ Blackstained Oak // - / gloss 20
- Upholstered in fabric/leather/ Dark Brown Oak finish // - / gloss 10

- Cardboard extra bottom: 408 g
- Polybag PE: 200 g
- LD-EPE foam protector: 50 g
- Strapping: 10 g

WEIGHT PACKAGING - TOTAL
 10,9 kg

NUMBER OF PARCELS
 1 pcs.

ACCESSORIES

FABRIC/LEATHER CONSUMPTION

- Fabric: 140 cm x 1,59 m
- Leather: 1,77 m²/19 sqf

CLEANING AND MAINTENANCE

Combination of fabric back rest and leather seat:

- Fabric: 140 cm x 0,93 m
- Leather: 0,54 m²/6 sqf

For cleaning the upholstered surface, first try to brush off the dirt gently. If this is not enough then vacuum the surface.

If further cleaning of the padding is needed, a stain remover is recommended. The cleaning has to be gentle and must always be tested on the most invisible area of the surface before the actual cleaning. Avoid blotches by gentle, circular rubbing towards the stain.

To avoid stains, quickly remove the dirt with a piece of absorbing household wipe and clean with water and colourless washing-up liquid.

Do not use the following products for the padding:

- Undiluted cleaning liquids.
- Bleach.
- Ammoniac.
- Soap for hard surfaces.

For dusting and light cleaning of the frame use a soft, dry cloth.

For further cleaning of the frame, use a soft cloth that is firmly wrung in clean water for gently wiping the surface, and then immediately use a dry cloth to wipe the surface again.

Do not use materials for maintenance that:

- Contain abrasive agents.
- Are basic, acidiferous or organic.

For the best maintenance of the product, protect it against sunlight and heat, and try to keep it away from moisture, grease and other dirt.

Furthermore, protect the surfaces against sharp objects and other that might scratch.

ENVIRONMENT

Parts can be separated and sorted for recycling.

Disposal of plastic type PP may be done with incineration of waste.

TESTS

-

FOAM:

Back upholstery: BS 5852: Part 2: 1982 Using the flame retardant polyester fabric and crib ignition source 5 as specified in the Furniture and Furnishings (Fire)(Safety) Regulations 1988, Schedule 1, Part I (Great Britain)
