

# Cité

Jean Prouvé, 1930

**vitra.**

Designed for a competition to furnish the student residence halls at the Cité Universitaire in Nancy, the Cité armchair is one of Jean Prouvé's early masterpieces. Prouvé himself used this dynamic looking armchair – with distinctive runners made of powder-coated sheet steel and broad leather belts for armrests – in the living room of his own home. Generous dimensions and inviting upholstery contribute to the great comfort of Cité.
