MOUNTING BAG 4

E Connector

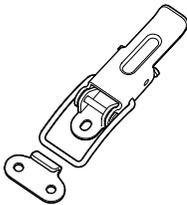

H Screw

G End cap x4

- Only for connecting tabletops -

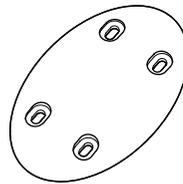

MOUNTING BAG 5

J Latch x2

M Screws x8

K Connector x2

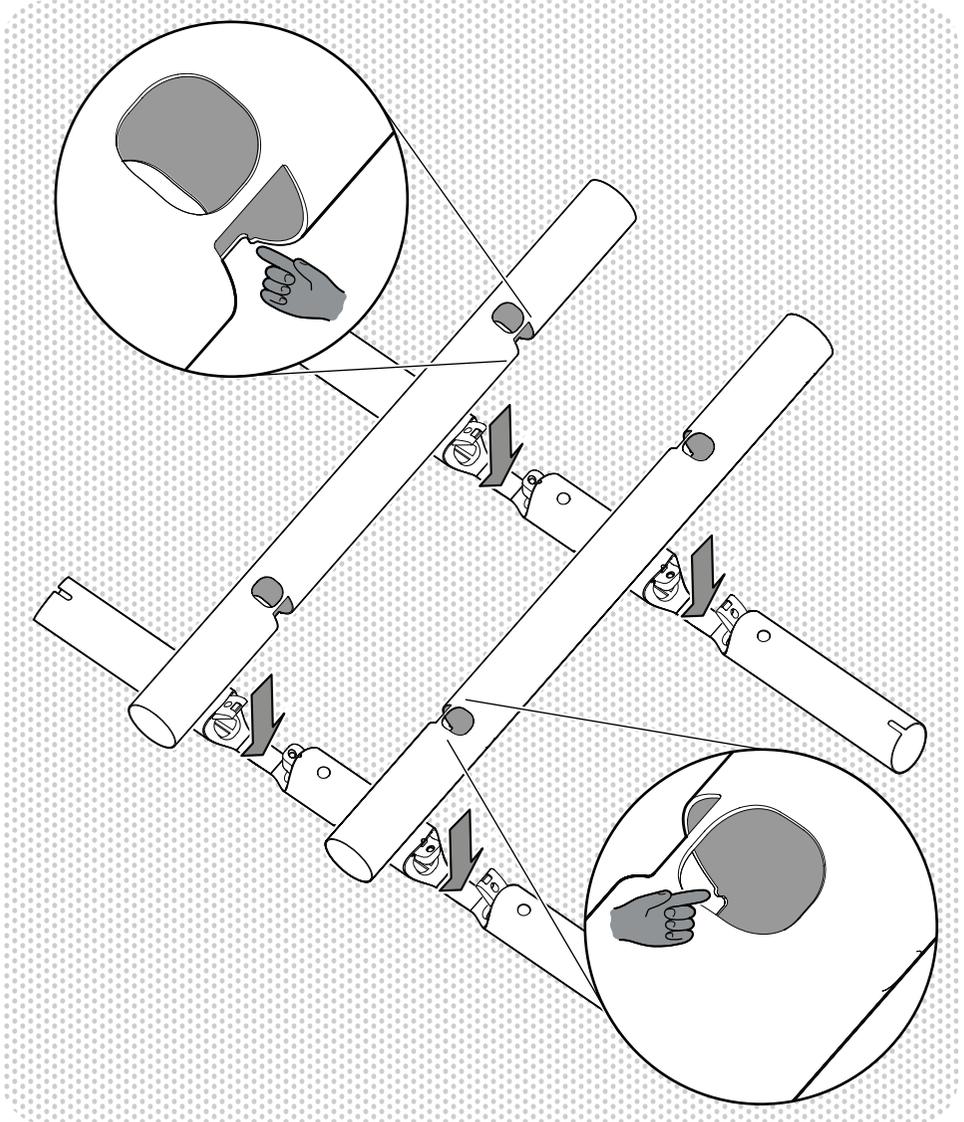

N Screws x8

1.

Place the crossbars **B** in the openings of the leg sections **A**.
Make sure the small tabs in the crossbar openings are aligned as illustrated.

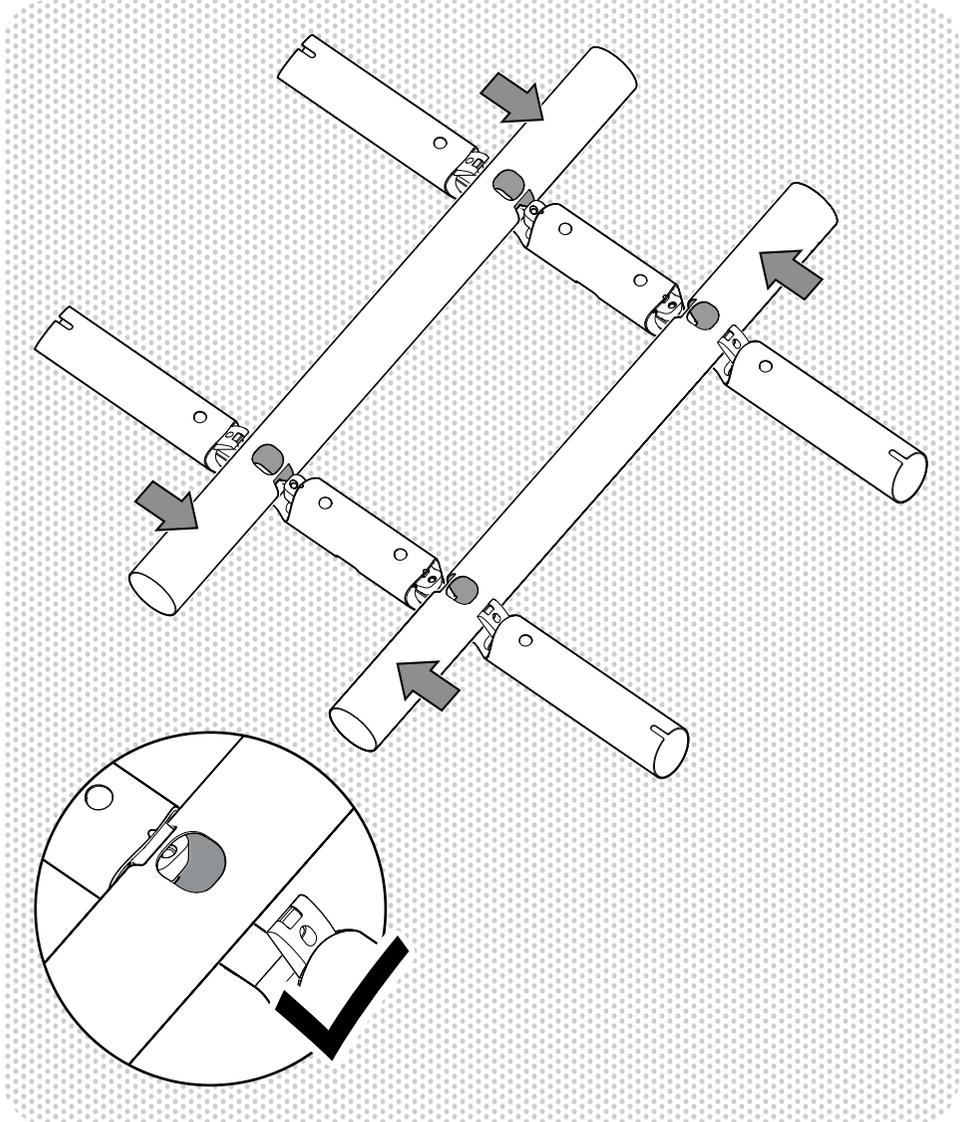

Two people are required to carry out the table assembly.

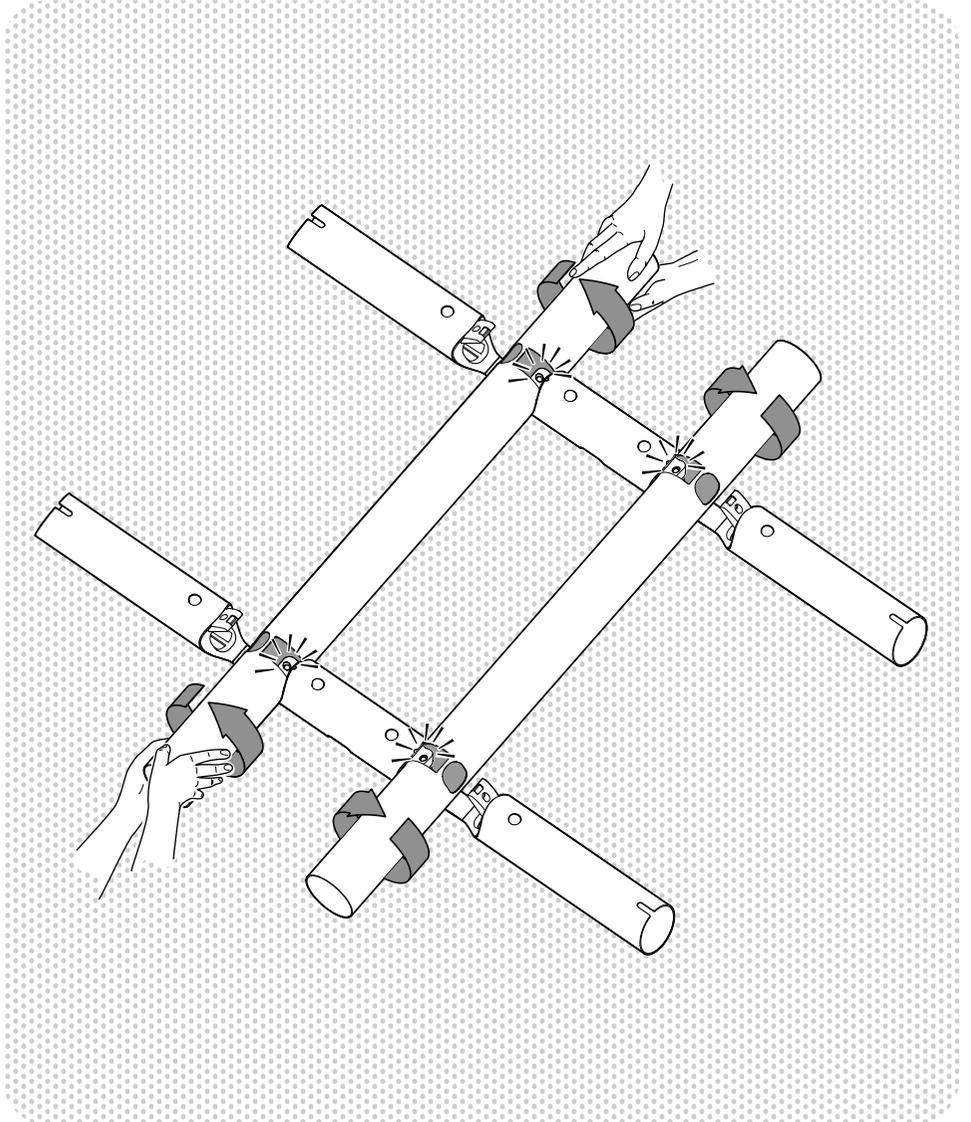

2.

Slide the crossbars towards the middle of the leg sections, making sure they slide over the plastic insert.

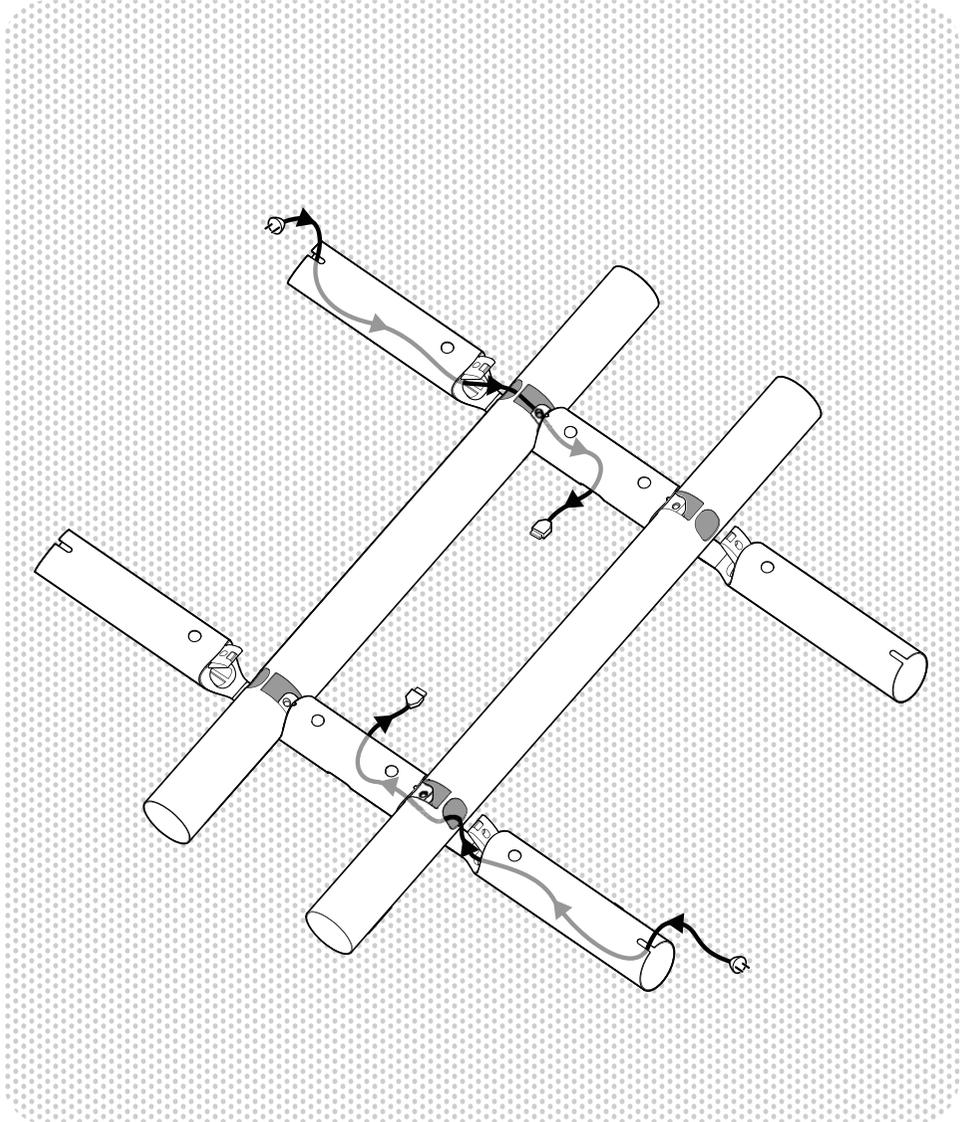

3.

Rotate the crossbars away from the centre, so the small tabs lock into the plastic insert.

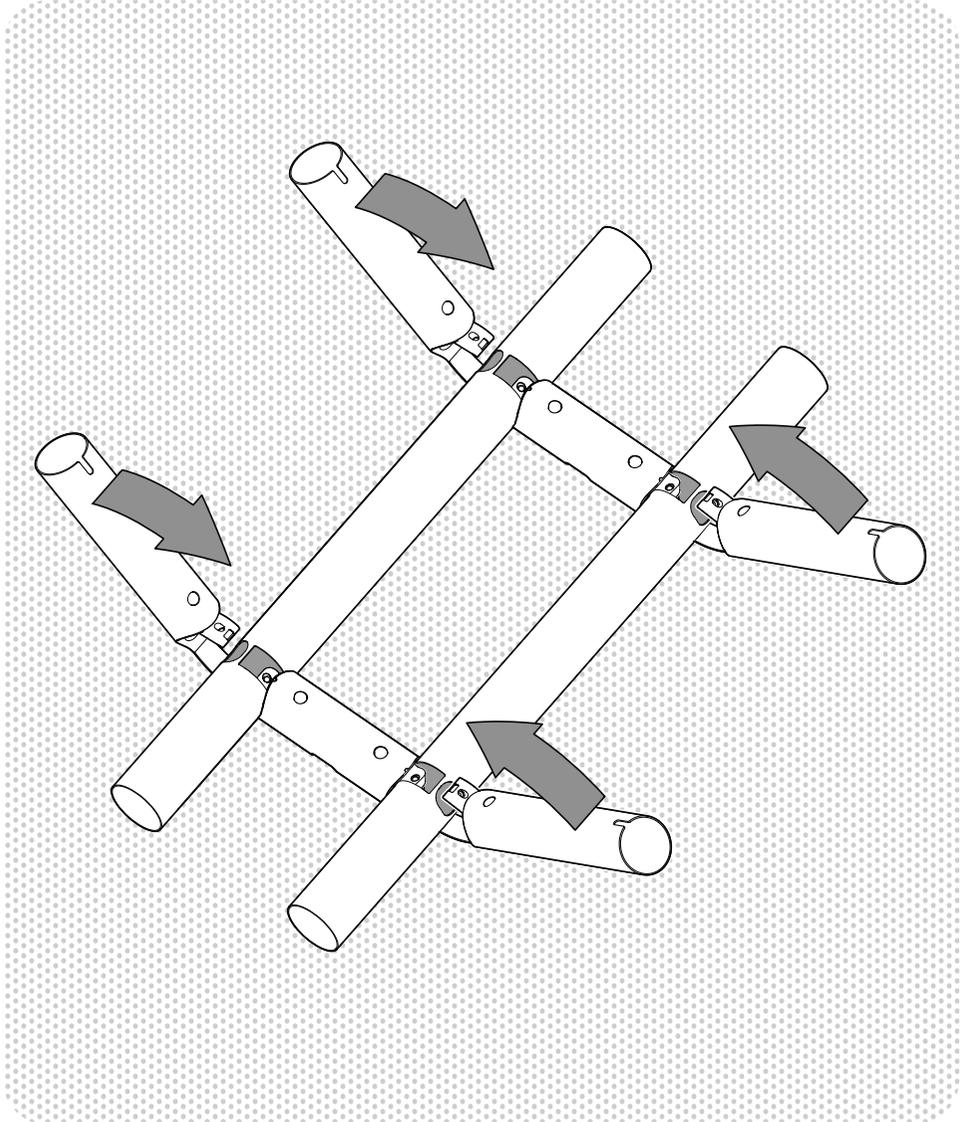

4.

If your table has outlets, make sure to pull all cables through the legs before going to the next step.

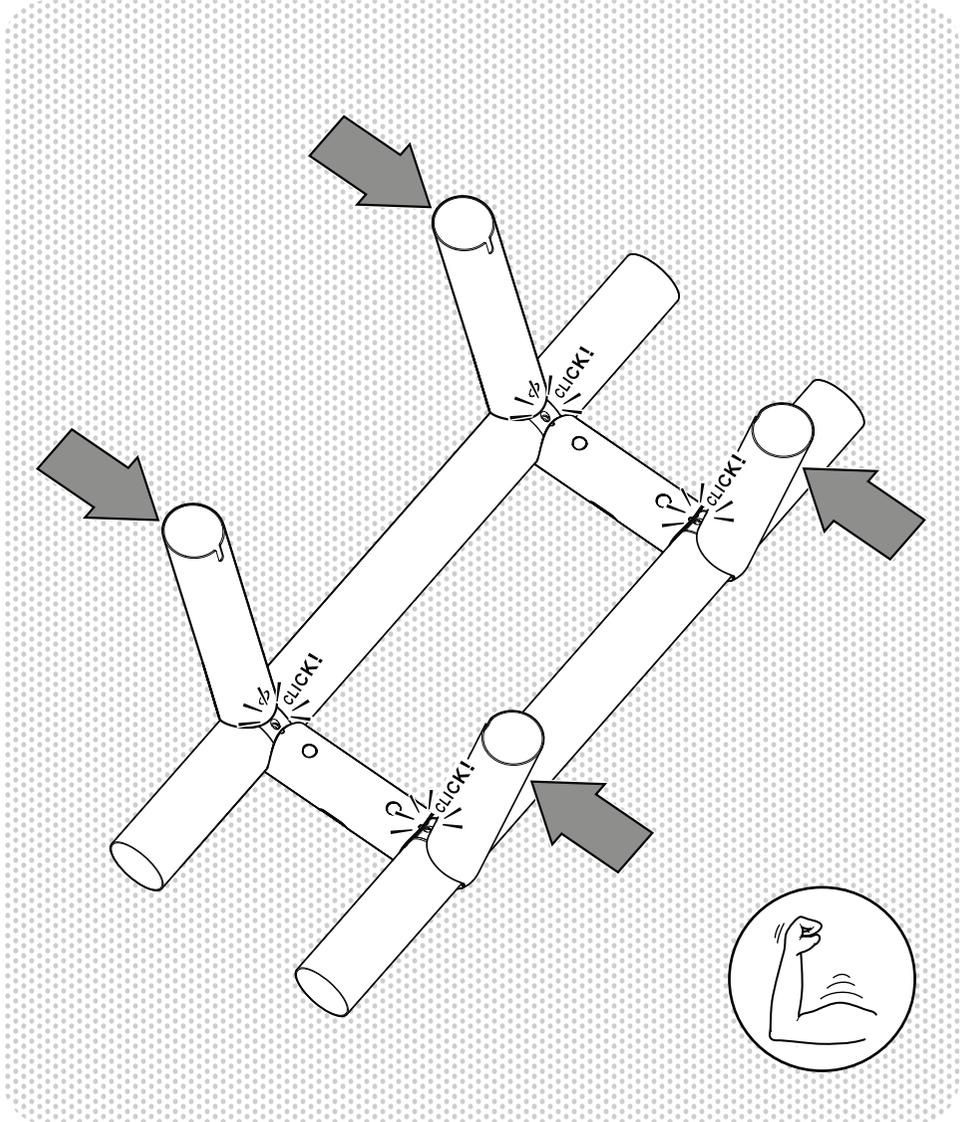

5.

Carefully bend the legs towards the centre.
Push down on the crossbars to keep them in place.

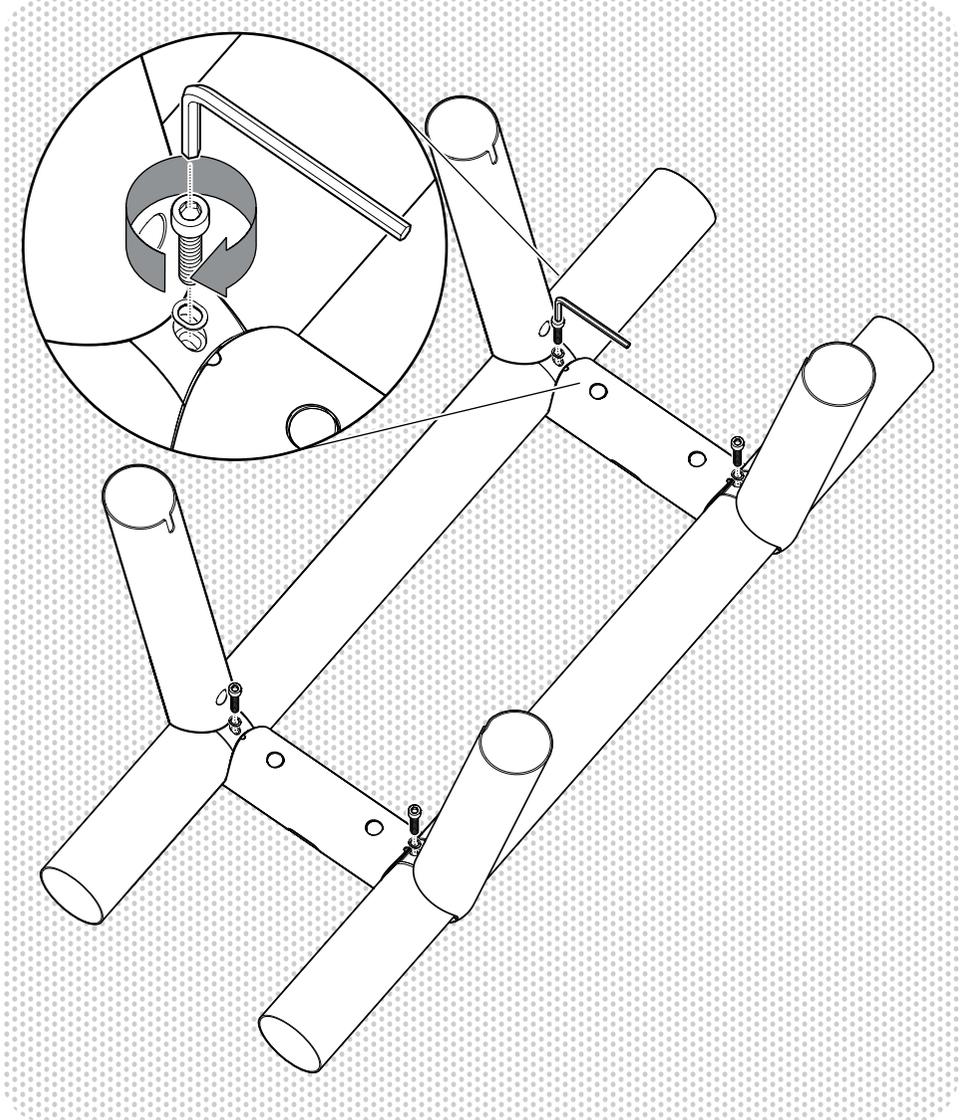

6.

Keep going until you hear a click.
This might require some extra force.

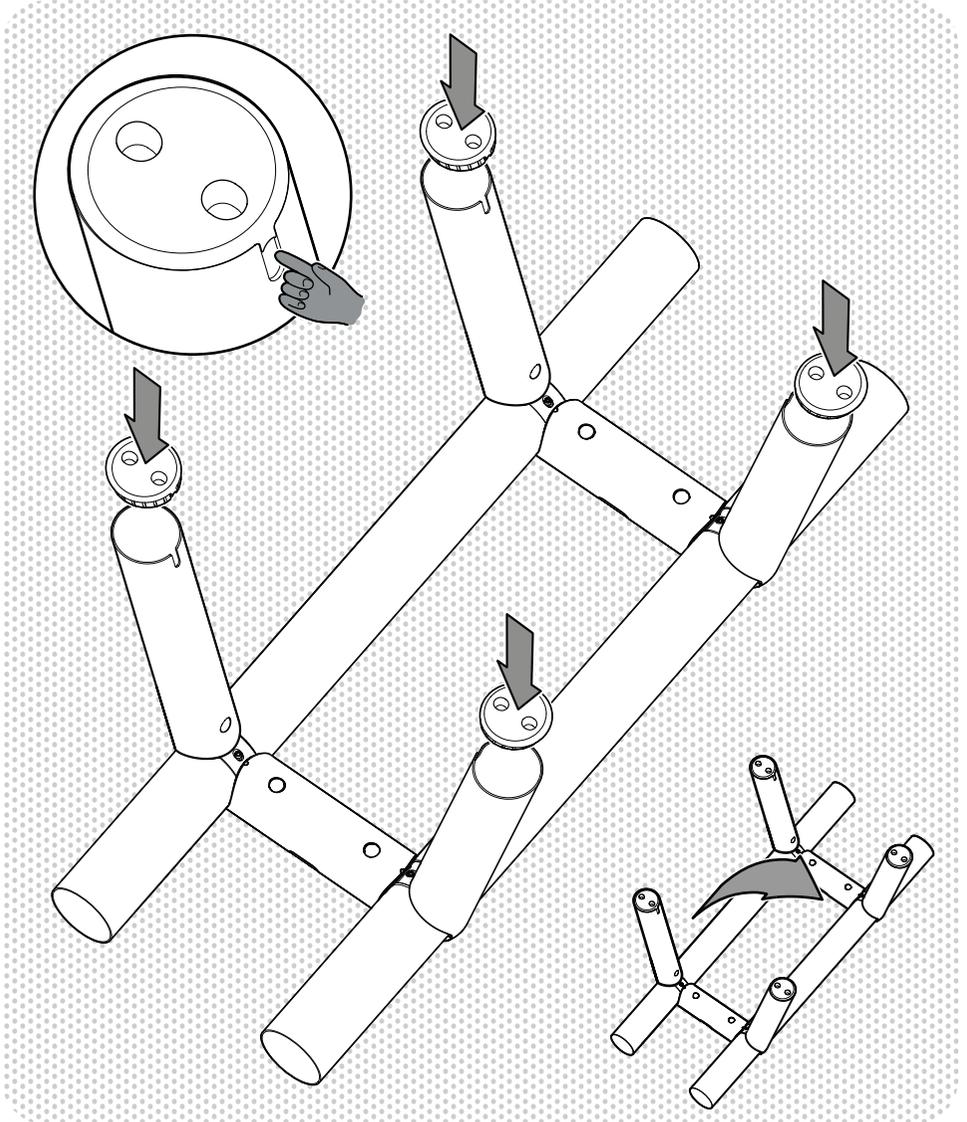

7.

Secure the legs with screws **C** with the washer **L** in between.
Carefully tighten it with the Allen key **D**. Avoid scratching the frame.

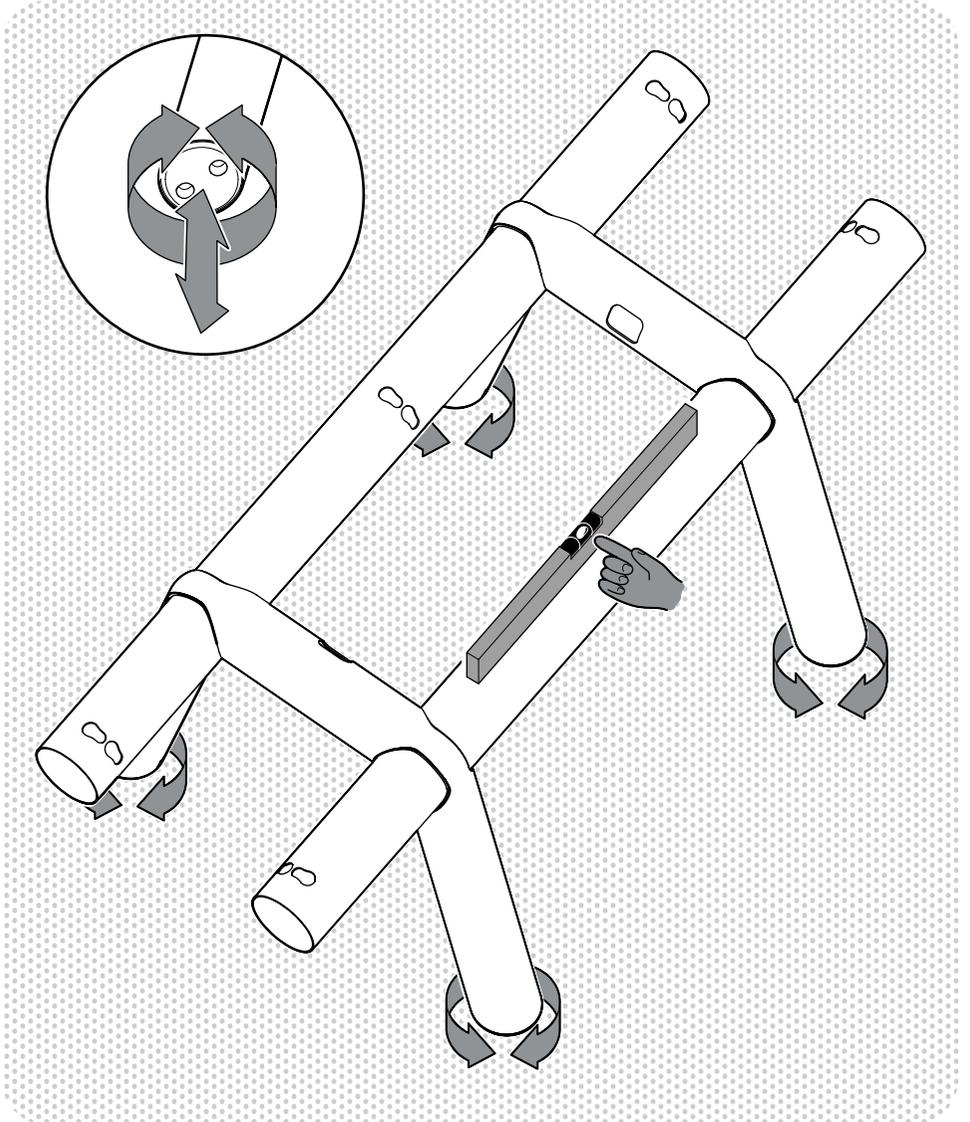

8.

Insert the feet. Align the tab with the cut-out in the leg.
Then turn the table over.

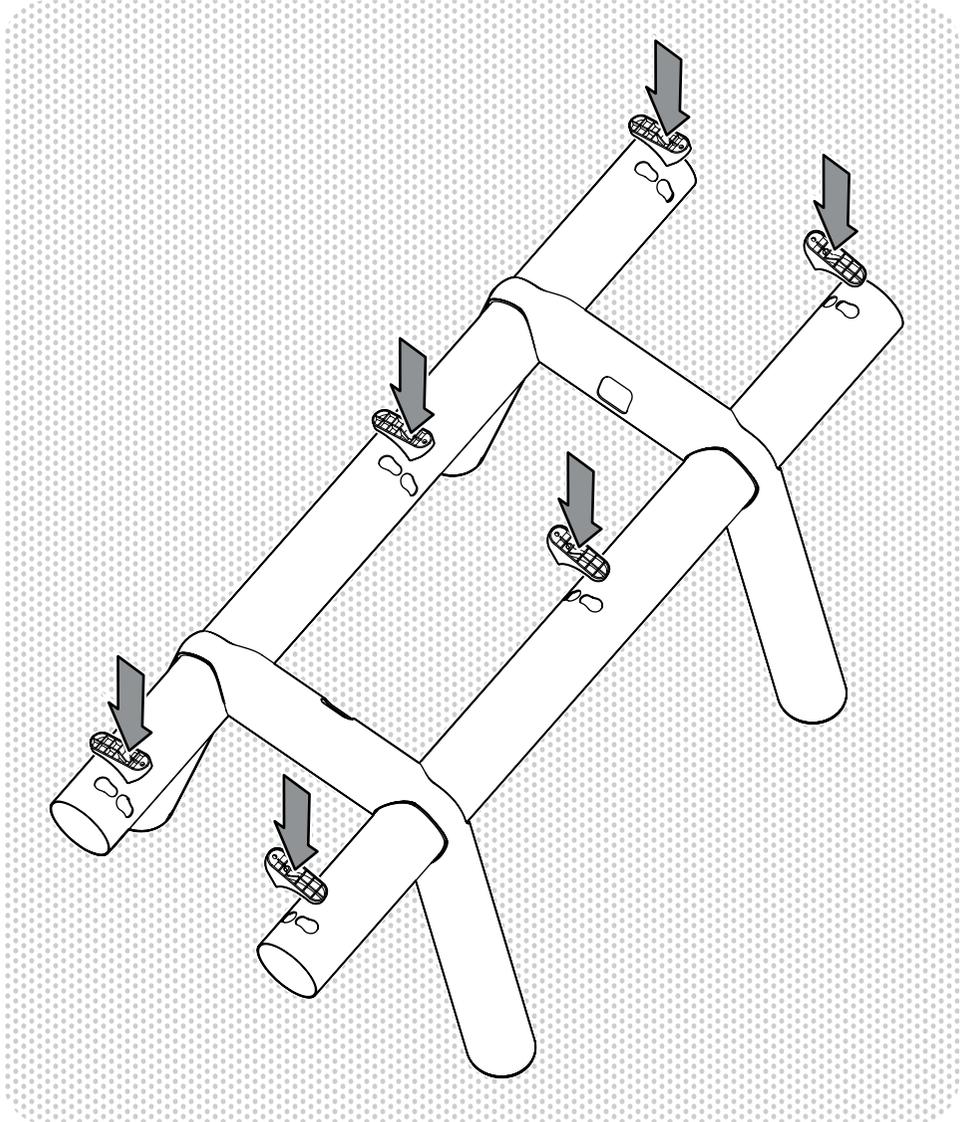

9.

If the floor is uneven, adjust the feet until the table is level.

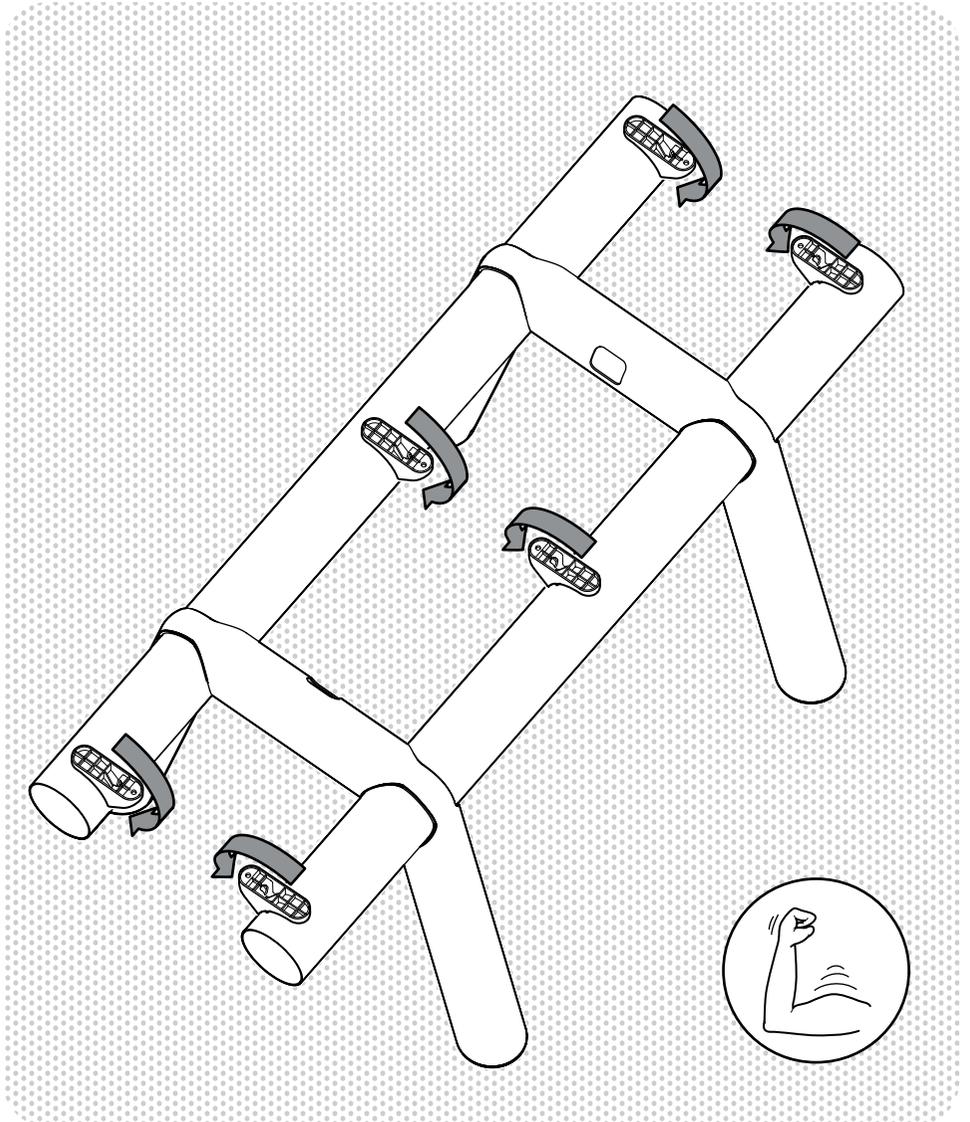

10.

Place the connectors.

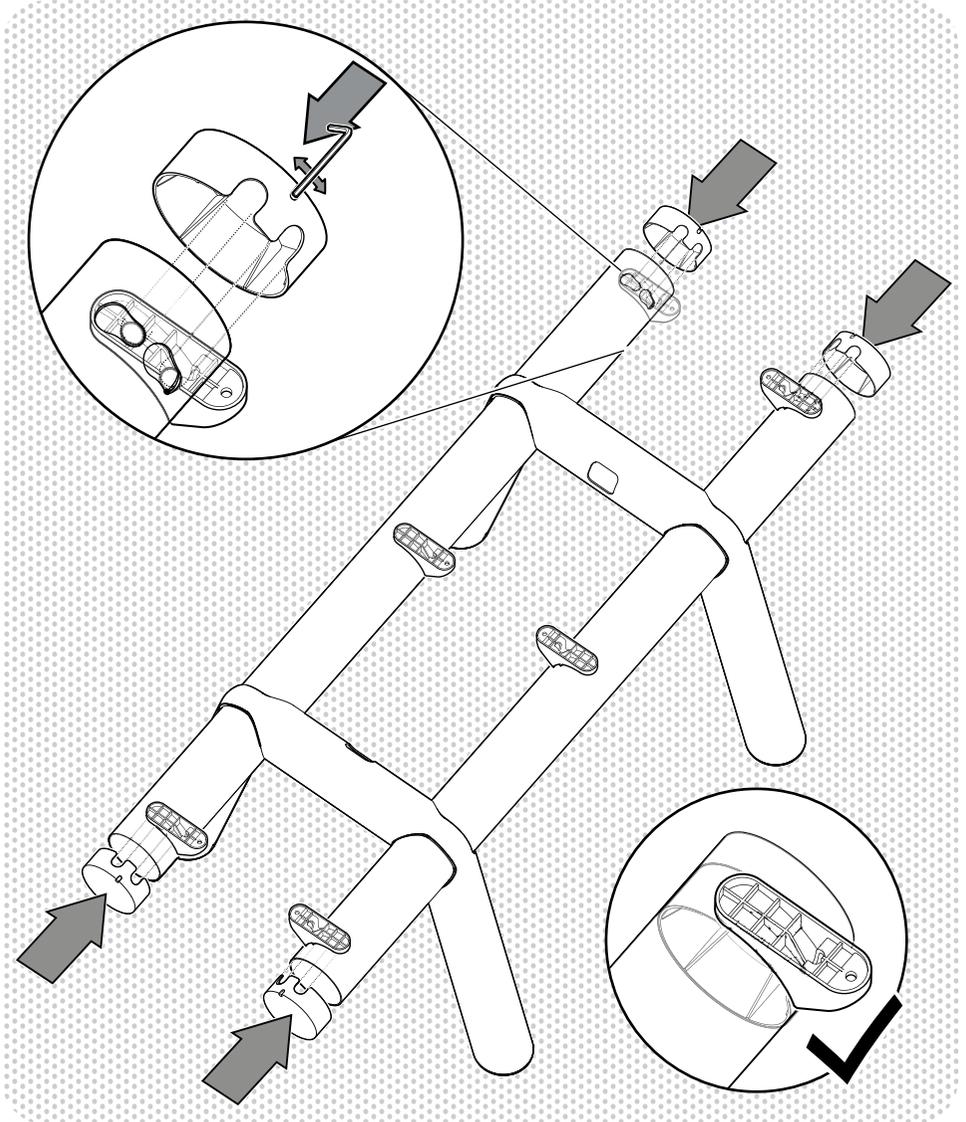

11.

Rotate the connectors towards the centre of the table so that they lock in place.
This might require some extra force.

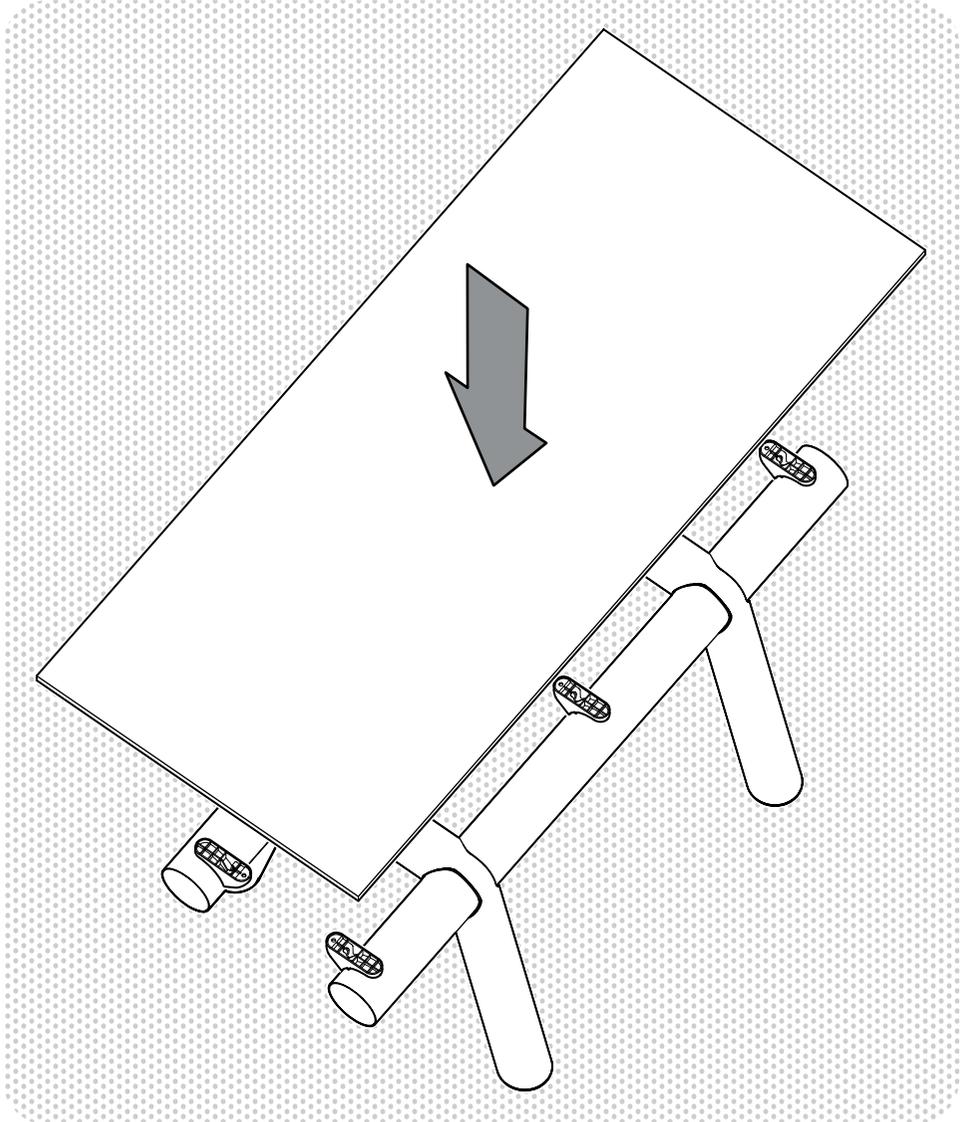

12.

Insert the end caps. Make sure they are aligned with the holes as illustrated.

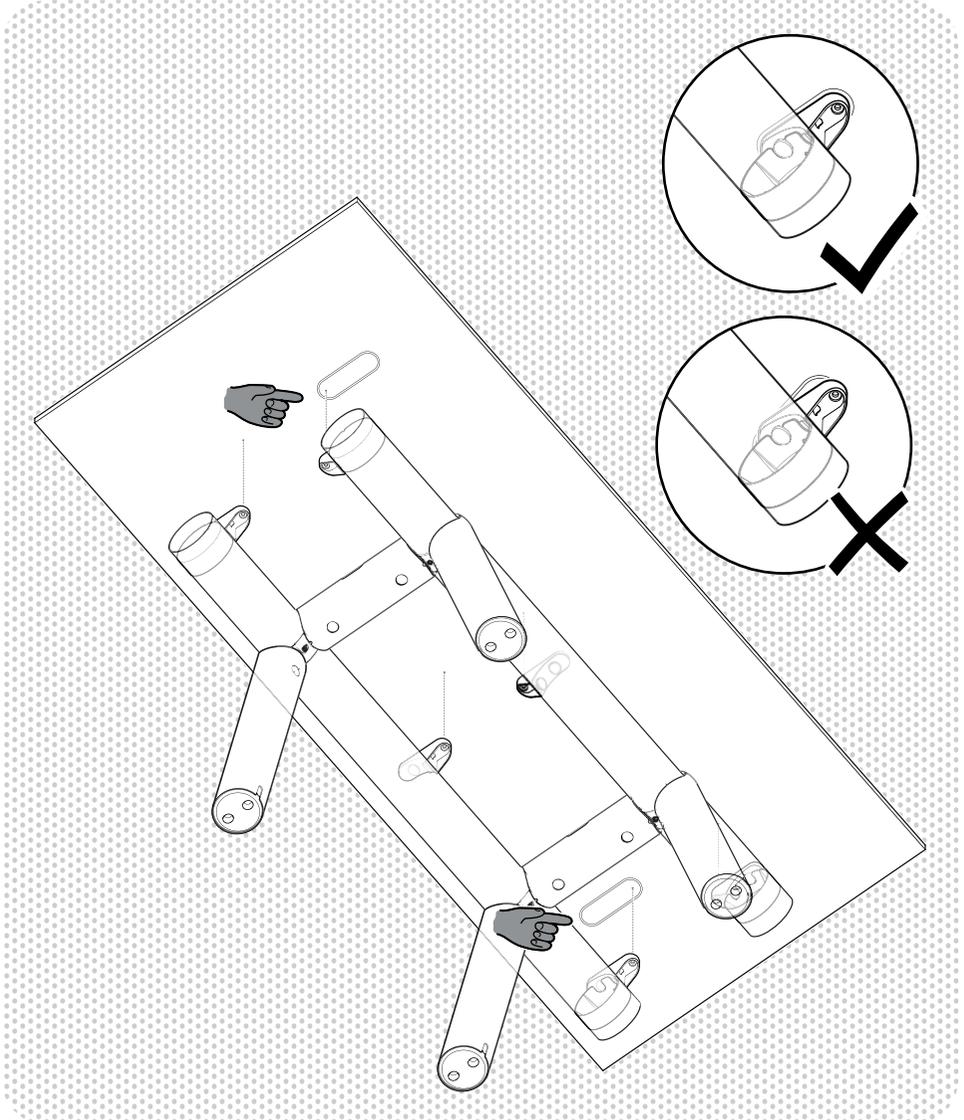

13.

Place the tabletop on top.
If you are connecting two tabletops, continue to step 15 after this.

14.

Align the cut-out with the two connectors.

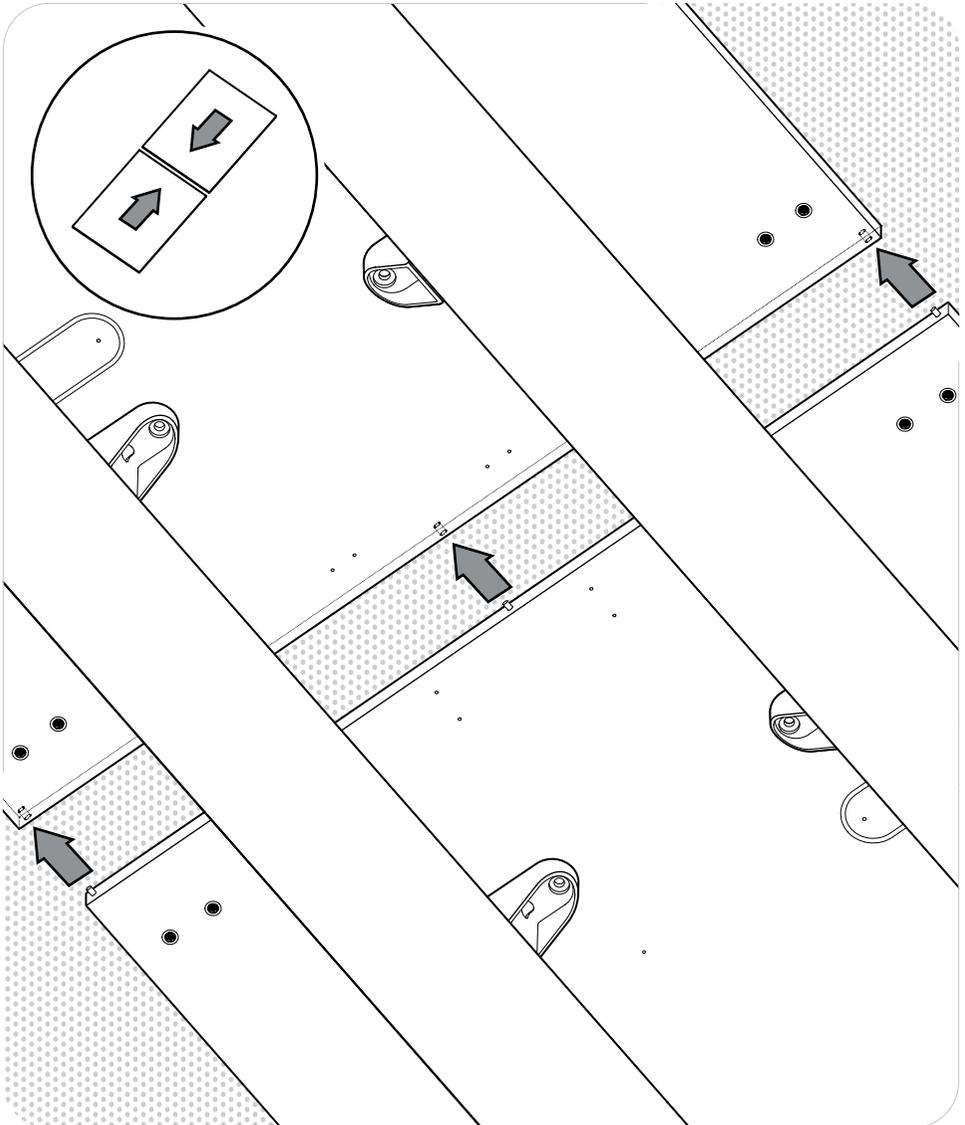

CONNECTING TWO TABLETOPS

If your table only has one tabletop, continue to step 20.

15.

Align the tabletops, and push them together.
Make sure to insert the pins into the corresponding holes.

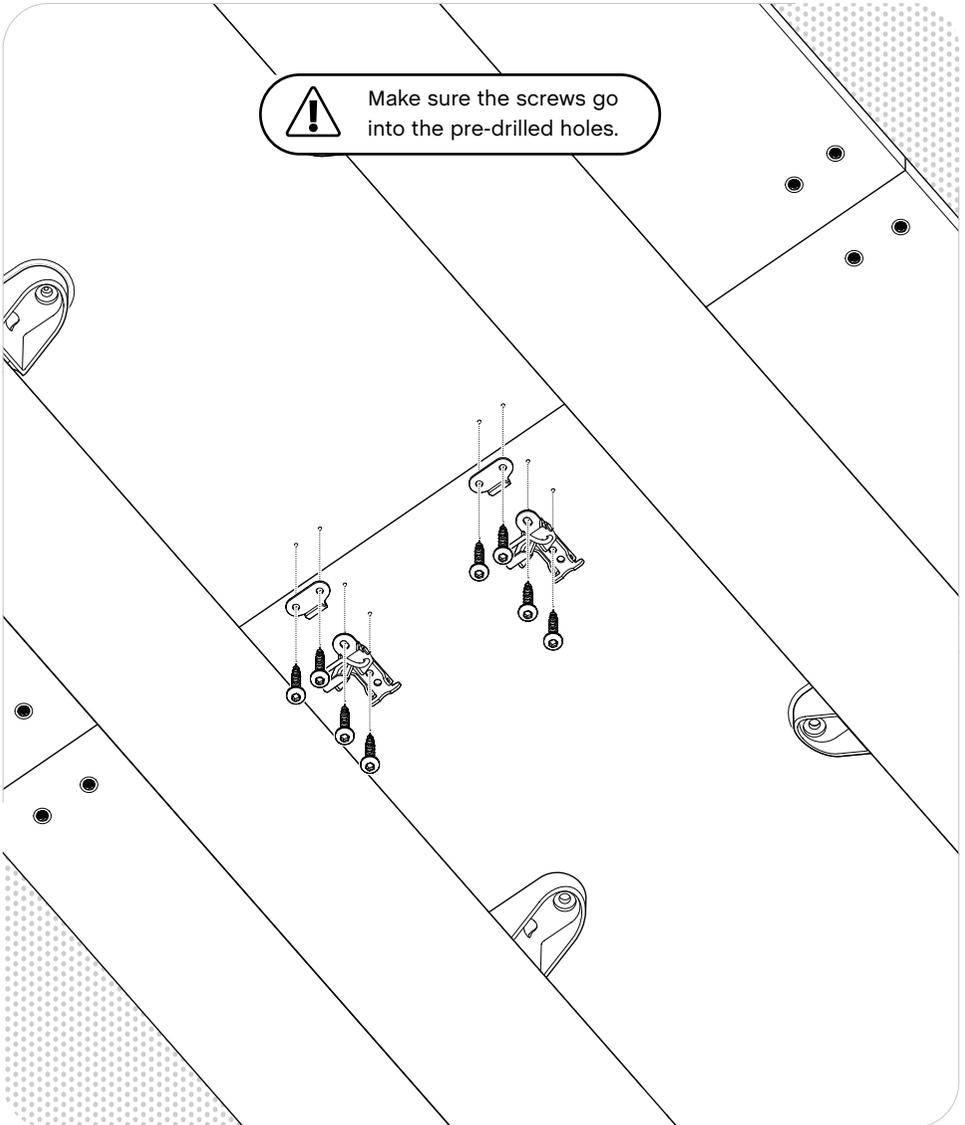

16.

Mount the latches **H** with the screws **M**
over the pre-drilled holes.

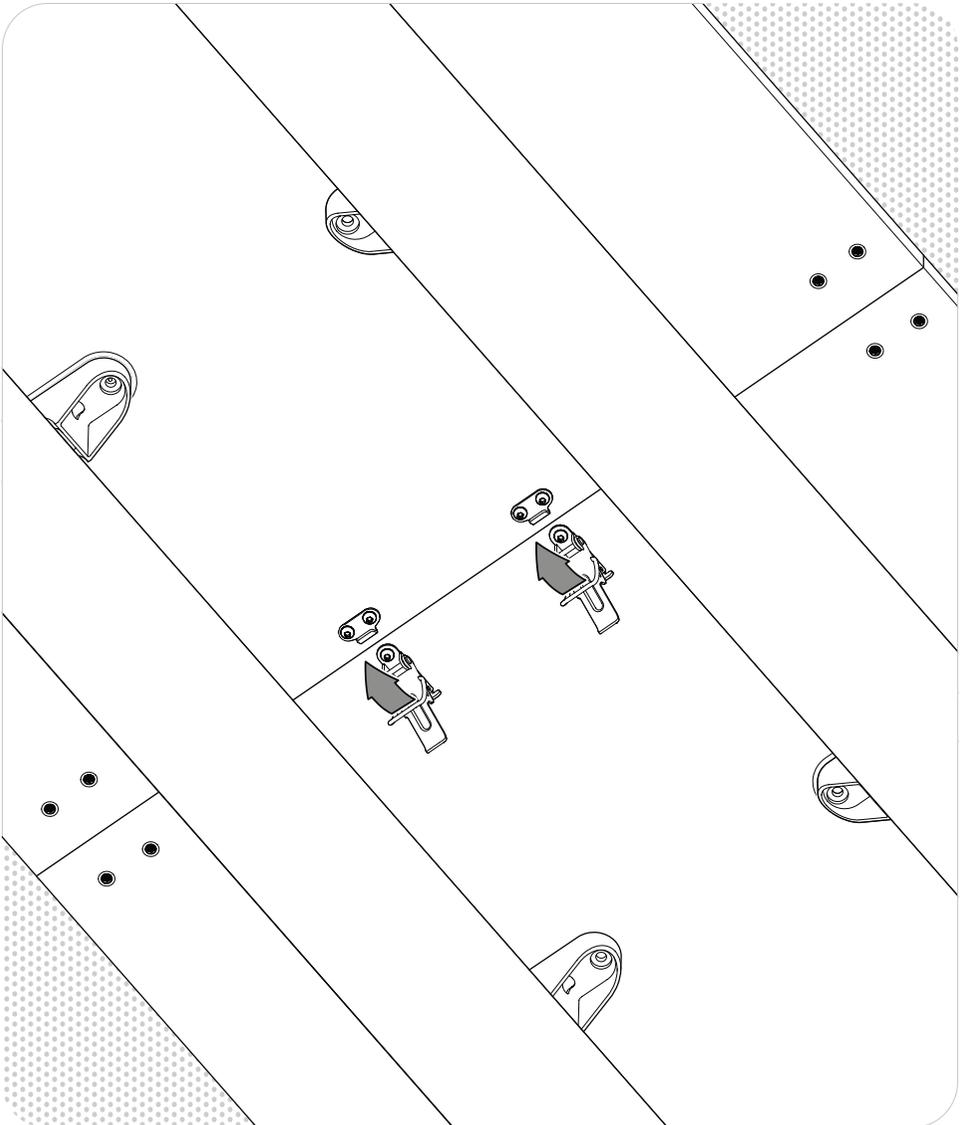

Make sure the screws go
into the pre-drilled holes.

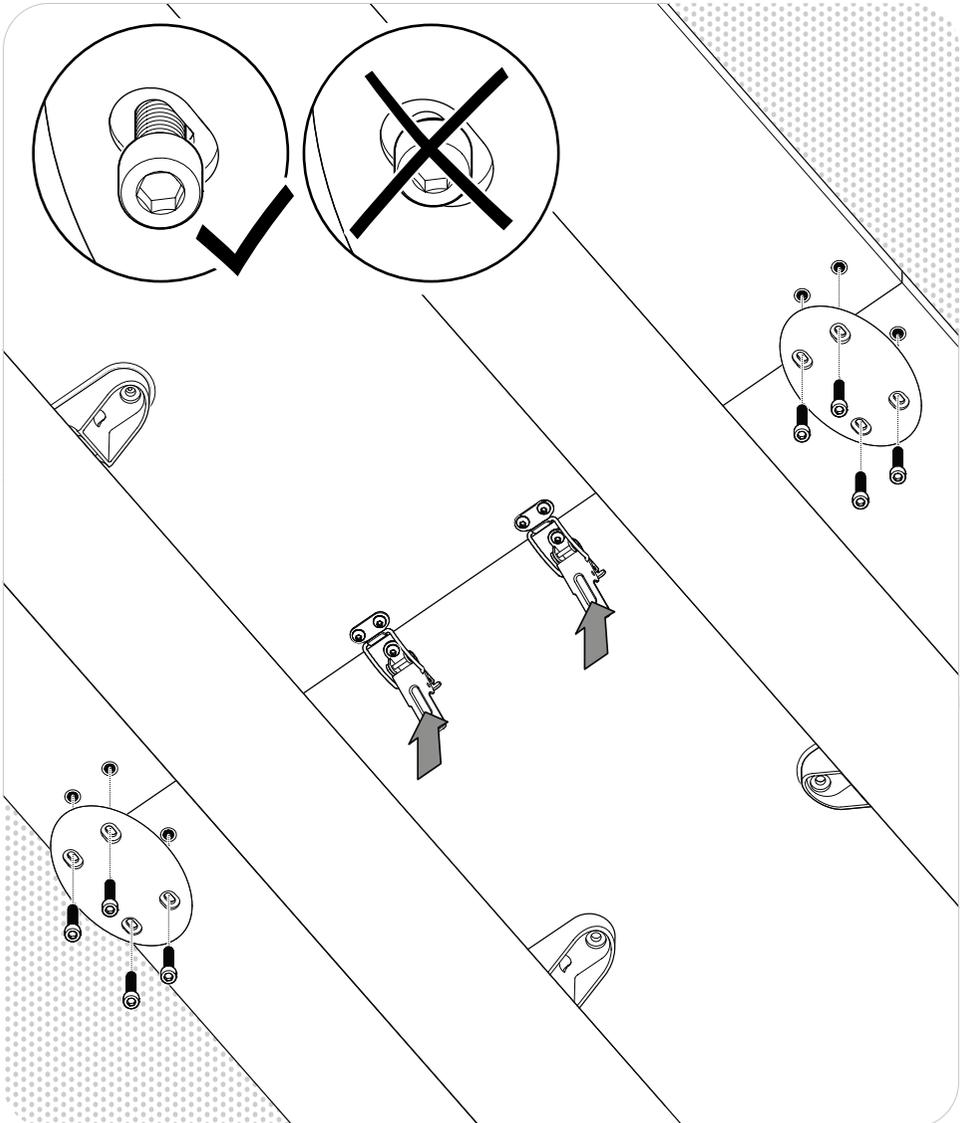

17.

Connect the latches to the receivers.

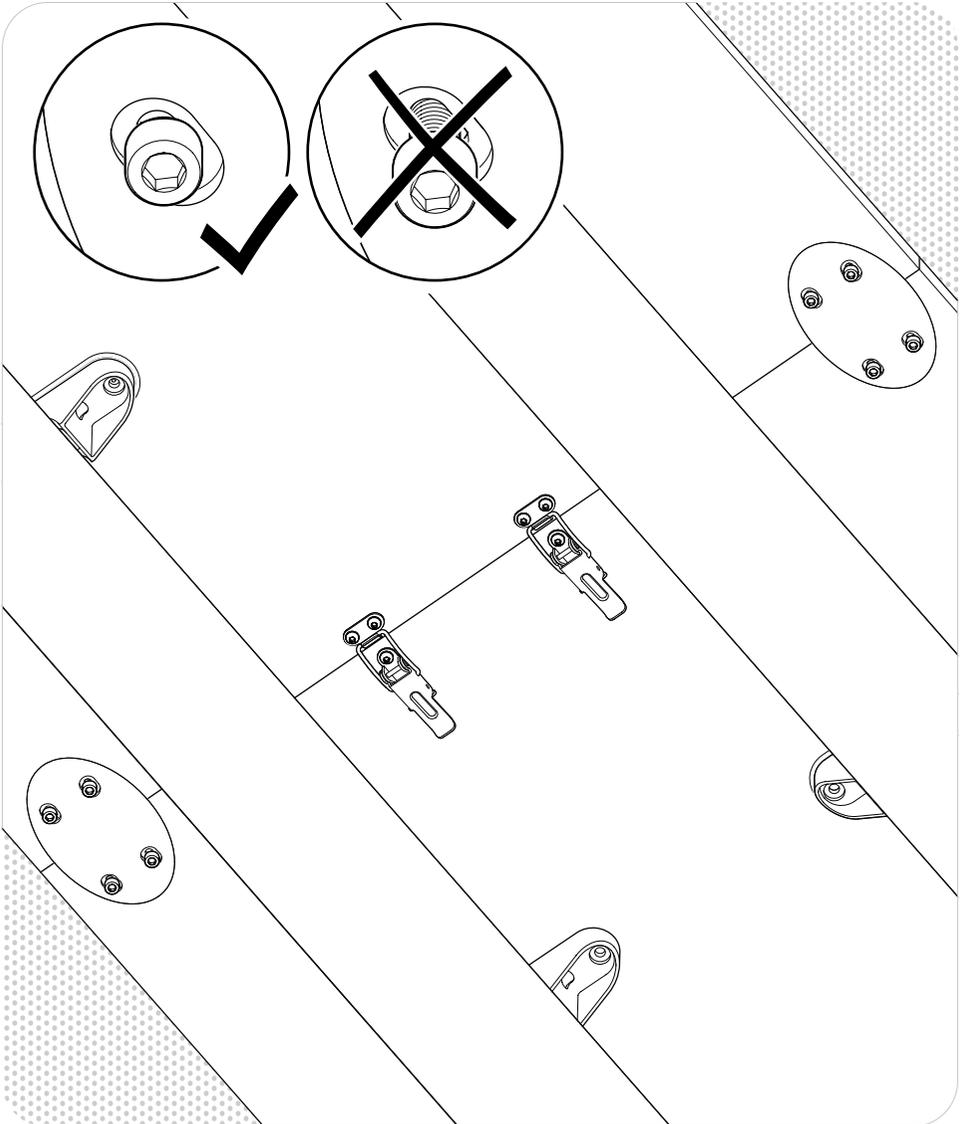

18.

Push down the handle on the latches to lock their position.
Then mount the connector **K** with screws **N**. Do not fully tighten the screws.

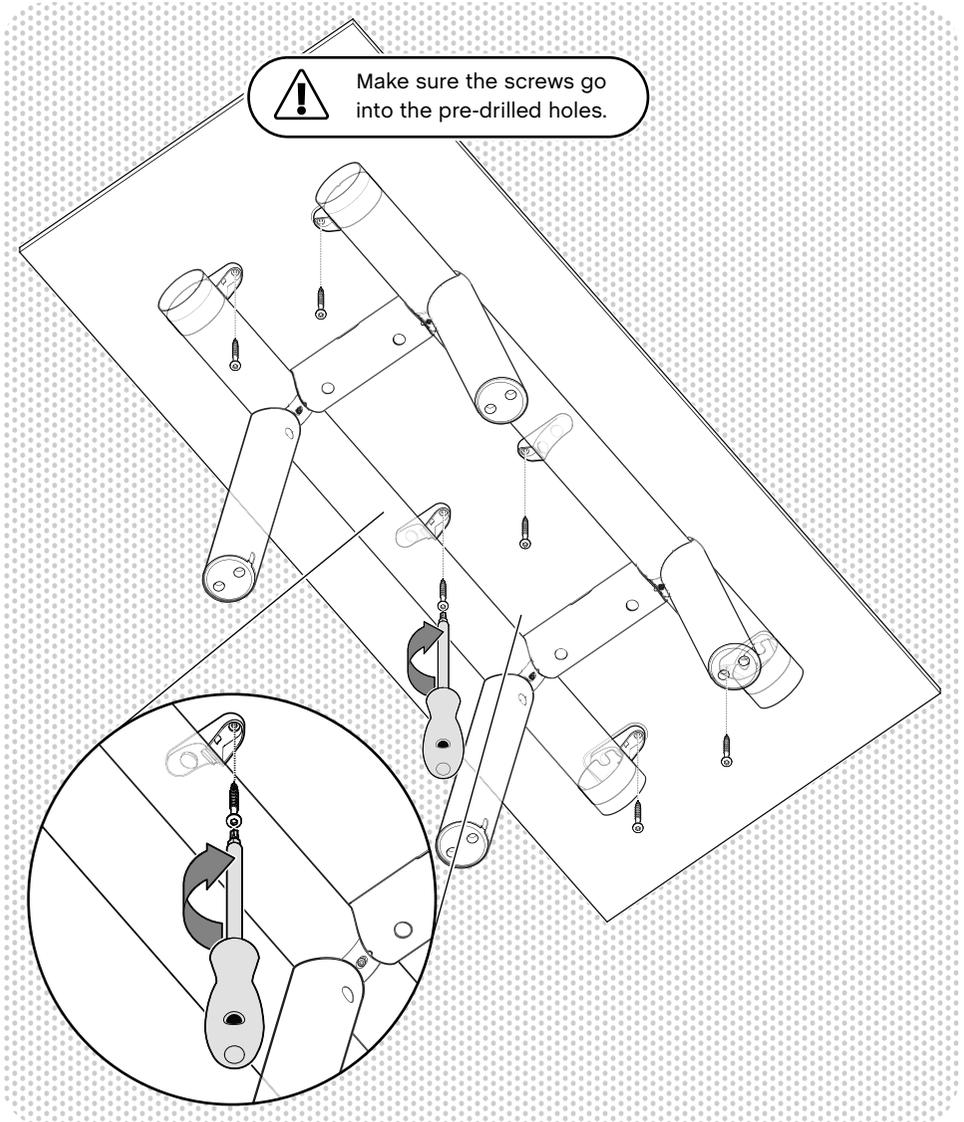

19.

Fully tighten the screws.

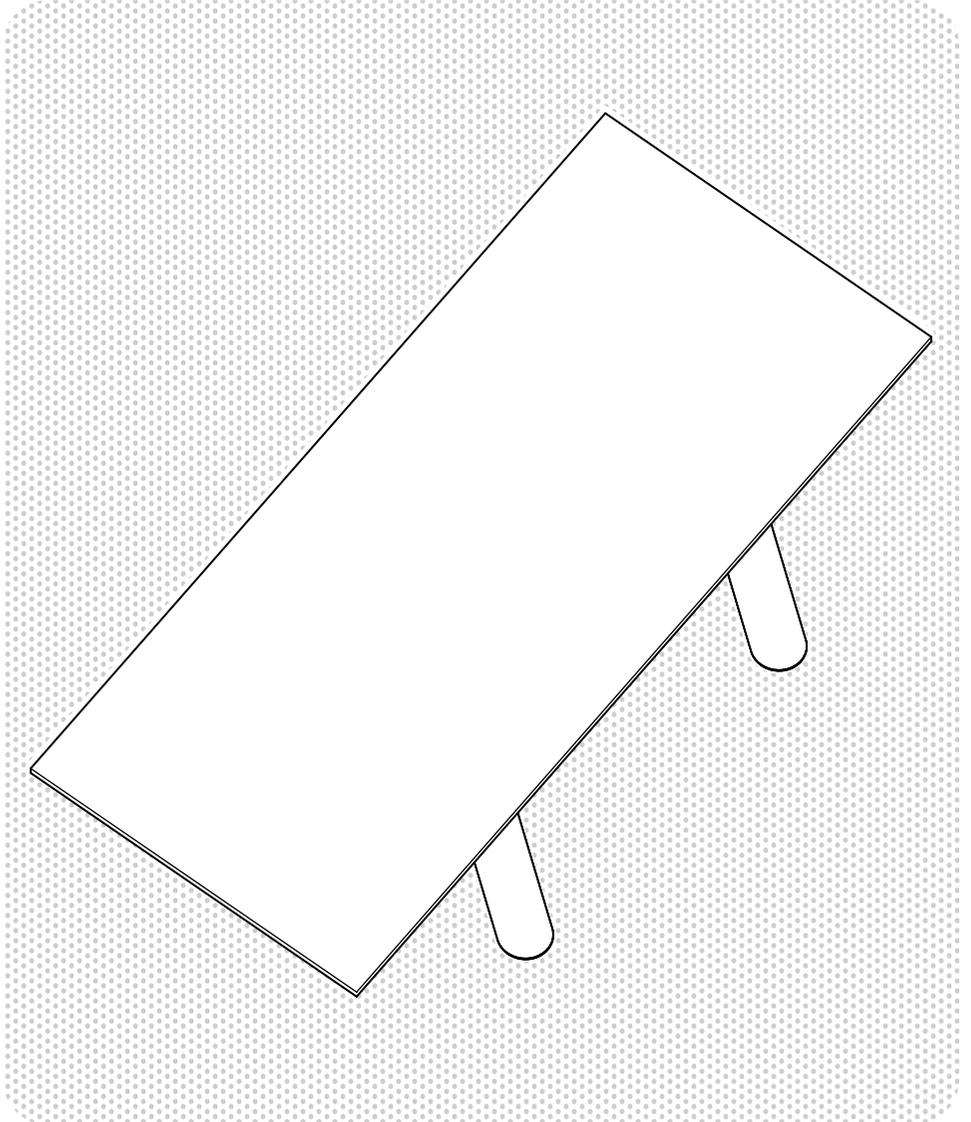

20.

Secure the table top with the screws **H**.
Make sure the screws go into the pre-drilled holes.

21.

Done!

- CARE & MAINTENANCE -

Our Care & Maintenance offers guidance for optimal maintenance of your HAY product. It includes advice and instructions on cleaning and caring for specific materials to prolong the life of your furniture.
