HANS J. WEGNER

CH621 SWIVEL CHAIR

Carl Hansen & Søn's CH621 Swivel Chair, designed by Hans J. Wegner, combines a sleek steel base with tactile oak, leather, and textile accents. Originally created over 75 years ago, the chair has been thoughtfully updated for today's needs.

A gas-lift mechanism ensures smooth height adjustment, while five custom castors offer enhanced stability. Wegner's vision balances industrial character with enduring elegance. Each chair is handcrafted in Denmark, using premium materials to elevate both comfort and craftsmanship.

HANS J. WEGNER
1914-2004

Among Danish furniture designers, Hans J. Wegner is considered one of the most creative, innovative, and prolific. Hans J. Wegner was part of the spectacular generation that created the first wave of Danish Modern design. 'Many foreigners have asked me how we created the Danish style,' Wegner once said. 'And I've answered that it was a continuous process of purification and of simplification - to cut down to the simplest possible design of four legs, a seat, and a combined back- and armrest.'

The core of Wegner's legacy is his focus on showing the inner soul of furniture pieces through a simple and functional exterior. The son of a cobbler, Wegner was born in 1914 in Tønder, a town in southern Denmark. He began his apprenticeship with Danish master cabinetmaker H. F. Stahlberg when he was just 14 years old. Later, he moved to Copenhagen and attended the School of Arts and Crafts from 1936 to 1938 before setting out as a furniture designer.

“We’ve wanted to include a Wegner swivel chair in our collection for years now, so we’re pleased to be able to present this simple, beautiful Swivel Chair to a global audience”

Knud Erik Hansen, CEO & 3rd Generation of Carl Hansen & Søn

MATERIALS

The CH621 Swivel Chair is crafted from FSC™-certified oak and upholstered in premium fabric or leather. A brushed stainless steel base adds an industrial contrast to the warm natural materials. Soft castors ensure smooth movement across various floor types, while the chair's exposed frame and refined upholstery emphasise both comfort and craftsmanship.

CH621 SWIVEL CHAIR HANS J. WEGNER

TOP USPs:

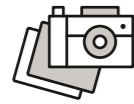

- Hans J. Wegner designed five swivel chairs in his career, of which only two are in production
- Combining a brushed, stainless steel frame with wooden and hand-upholstered arm and back rests (leather or textile)
- Five custom castors suitable for all floor types
- Height-adjustable
- FSC™-certified oak
- Made in Denmark
