HJW03 OPALA FLOOR LAMP MIDI

The HJW03 Opala Floor Lamp Midi was designed by Hans J. Wegner in 1973 as a part of a larger lighting series designed for Hotel Scandinavia in Copenhagen. The Opala Lighting Series presents a distinctive, almost futuristic expression with slightly tilted lampshades and straight lines. Opala Floor Lamp features an asymmetric opal acrylic shade with a painted aluminium top, radiating a pleasant, focused light, while softly illuminating the surrounding space through the lampshade. Suitable for the living room and lounge settings.
