

TEXTILE OPTIONS

Striving to work with the best suppliers, the textiles used for Muuto products are by four different companies: Danish Kvadrat and Swedish Nevotex along with both Arve from Italy and Rohlede from Germany—all suppliers that have been selected on the basis of their extensive knowledge within the field and state-of-the-art material qualities.

*Upholstered Muuto products that have the Declare Living Building Challenge Compliant certification only have the certification when upholstered with the following Kvadrat textiles: Canvas, Clara, Divina, Divina MD, Divina Mélange, Fiord, Hallingdal, Remix, Steelcut, Steelcut Trio and Vidar.

0091

Wooly is woven in 70% recycled wool, sourced from leftover materials of clothing production and other wool products. One kilo of pure new wool generates 9 kilograms of carbon dioxide when produced while processing one kilo of recycled wool only generates 0.5 kilograms of carbon dioxide. Furthermore, recycled wool has a positive environmental impact due to lessened water consumption and lower energy consumption.
