

Bundle concept; focus Outdoor

For more information regarding our Outdoor assortment, see attached zip-file that includes high resolution rendered images of all 8 Outdoor combinations we have created (see below), a selling text for each of them and an Excel sheet with product specifications.

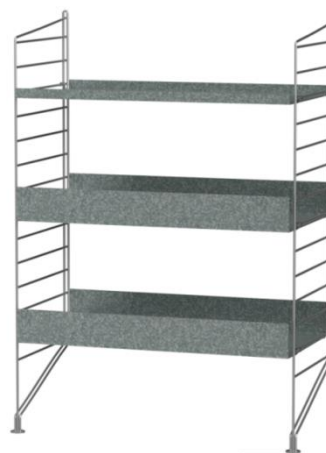

Bundle A

This floor mounted two-section combination is intended for outdoor use. With galvanized panels and shelves, the surface changes with time and leaves you with a beautiful patina. A combination of shelves with high and low edge gives the unit character.

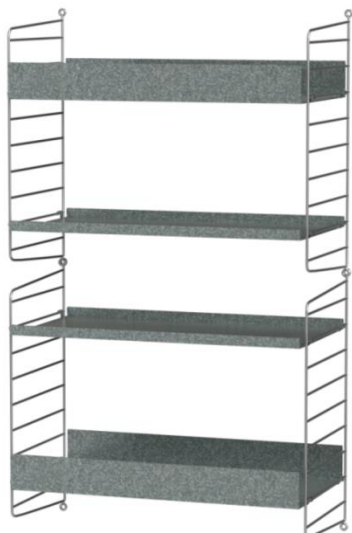

Bundle B

This floor mounted one-section combination is intended for outdoor use. With galvanized panels and shelves, the surface changes with time and leaves you with a beautiful patina. A combination of shelves with high and low edge gives the unit character.

Bundle C

This wall-hung two-section combination is intended for outdoor use. With galvanized panels and shelves, the surface changes with time and leaves you with a beautiful patina. A combination of shelves with high and low edge gives the unit character.

Bundle D

This wall-hung one-section combination is intended for outdoor use. With galvanized panels and shelves, the surface changes with time and leaves you with a beautiful patina. A combination of shelves with high and low edge gives the unit character.

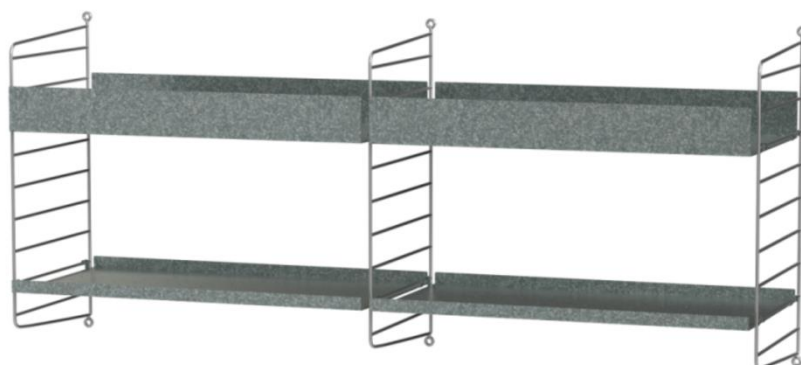

Bundle E

This wall-hung one-section combination is intended for outdoor use. With galvanized panels and shelves, the surface changes with time and leaves you with a beautiful patina.

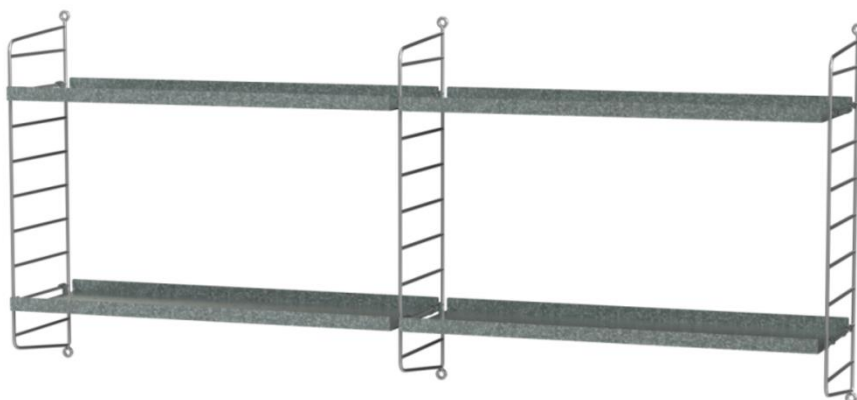

Bundle F

This wall-hung two-section combination is intended for outdoor use. With galvanized panels and shelves, the surface changes with time and leaves you with a beautiful patina. A combination of shelves with high and low edge gives the unit character.

Bundle G

This wall-hung two-section combination is intended for outdoor use. With galvanized panels and shelves, the surface changes with time and leaves you with a beautiful patina.

Bundle H

For the outdoor space with few limits we offer this larger combination. As a complement to your outdoor kitchen, a home for your plants or why not both? With galvanized panels and shelves, the surface changes with time and leaves you with a beautiful patina.
