A multipurpose, high quality, and distinctive storage box for all domestic or hospitality spaces. The four significant solid pillars have a small rounded top to make it easy to stack the boxes without them tipping over. It also creates a unique compelling form with a clear shadow line when the boxes are stacked. Able to take considerable weight and it is possible to stack as many as desired. Due to careful and measured design these storage boxes can stand alone on the floor or fit onto shelving.

The Pillar Storage Box Medium fits neatly onto the Form & Refine Leaf Shelf.
